

March 2022

To whom it may concern,

It is my pleasure to write this letter of recommendation for Liza Raino-Ogden.

I supervised Liza at Lindamood-Bell Learning Processes and then again at C2 Education. In both companies, Liza was a Lead Teacher and a Student Case Manager role where she displayed her deep knowledge of curriculum and differentiated instruction. Liza worked with us in many positions but excelled as an educator! She trained all of our learning center staff and worked with our most difficult 1:1 students. I believe that Liza's unique education in cognitive processing helps her understand how each student's mind works. She is always able to build trust with students of any age. They can sense her sincerity and desire to cure their struggle; it's magical. In addition to preparing and implementing our lesson plans, Liza also managed all of our parent/teacher conferences, including "tips for home," which are take-away lesson plans parents could use to reinforce what we did in sessions with their students.

Liza was always able to build rapport with her coworkers and parents too. She has an excellent instinct for each person's individual needs and a genuine passion for educating every child as well as improving societal literacy.

Given the previously mentioned skills, it goes without saying Liza is an extremely strong communicator who remains calm in every situation. She can communicate ideas and concepts to students and translate lessons and notes for other educators or parents.

Overall, Liza was an outstanding employee. She has proven to be dependable, consistent, and willing to go the extra mile. Whenever there was a need at the learning centers, I could ask Liza to fill in, and she would do whatever she could to be helpful! Her peers enjoyed working with her, her families truly appreciated her communication and teaching styles, and her leadership could count on her.

I sincerely believe that education is Liza's calling, and she is an asset to any educational institution. Please feel free to contact me directly at 847.800.8232 if you have any specific questions. It is my most sincere pleasure to recommend Liza!!

Thank you,

A handwritten signature in black ink that reads "Susan M." in a cursive, flowing script.

To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Liza Raino-Ogden. I supervised Liza for approximately two years at Lindamood-Bell.

As the former Associate Center Director of Lindamood-Bell's Oak Park Learning Center, I have supervised Liza in her role as a Office Manager and Consultant. In these roles, she provided reading intervention for students with reading, comprehension, and math deficits. Liza excels in effectively creating and executing behavior plans that fit the learner's needs. Since I have known Liza, she has demonstrated professionalism and positive engagement with students, parents, and professionals.

As a Consultant and an Office Manager Liza played an integral role in developing relationships with the community surrounding the Lindamood-Bell center. Her outgoing and compassionate personality made her especially adept at creating lasting relationships with all stakeholders.

I recommend Liza without reservation. I know that she will bring her endless enthusiasm, expertise, and professionalism to the educational community. Students will be lucky to have Liza as a teacher and advocate. I would be happy to discuss any questions that you may have. I can be reached at (813) 892-3372 or brookss@district65.net.

Respectfully,

Samantha Brooks
